

Wish Families Receive a Month of Dream Dinners

December 11, 2014 | By: Terri Fuller

Dream Dinners of Atlanta partnered with Children's Wish Foundation International to provide stress relief this holiday season!

In an effort to give back to those in need this holiday season, Dream Dinners of Roswell, Georgia invited our local wish families to their store on December 8th to assemble a month's worth of wholesome meals. At this busy time of year, the last things our families need to worry about are the time-consuming tasks of shopping and preparing dinners. Dream Dinners delivered some much needed stress relief for these deserving community members. Good people. Good food!
