

Deserving Local Families Receive Months' Worth of Free Meals

Dream Dinners of Roswell Partners with Children's Wish Foundation International to Provide Stress Relief this Holiday Season

In an effort to give back to those in need this holiday season, Dream Dinners of Roswell invited local families in need to their store on December 8th to assemble a months' worth of meals for the holiday season. Each of the participating families are involved in Children's Wish Foundation International, a wish granting organization for seriously ill children. With the holidays approaching, the last thing these families need to worry about are the time consuming tasks of shopping and preparing dinners. Dream Dinners is honored to deliver some much needed stress relief for these beyond deserving community members.

Dream Dinners is a meal assembly business that brings families together over home-cooked meals by providing an easy, time-saving solution to the dinner dilemma that removes the planning, preparing and shopping from meal time.

Participating Children:

William is a 12-year-old boy who suffers from Sickle Cell Anemia. He lives with his parents and two older sisters. Children's Wish Foundation International fulfilled William's wish to take a trip with his family to Miami Beach, FL in 2009.

Olivia is a 6-year-old girl who was born with a Sacrococcygeal Teratoma (SCT) tumor and had to undergo long treatments to fight her cancer. Olivia received a wish from CWFI's

Young Minds program which is designed for children under the age of four. The Foundation provided Olivia with a television and DVD collection of her favorite movies and TV shows.

Mykal is an 18-year-old diagnosed with Hypoplastic Right Heart Syndrome (HRHS) at birth, which means the right atrium and ventricle of his heart was underdeveloped when he was born. Mykal has had a heart transplant because of his diagnosis. Mykal's wish was to go to Atlantis in the Bahamas because he had never been on a plane or in a bright blue ocean. Mykal's wish was fulfilled in September of 2014 when he flew down to the Bahamas and stayed in a luxury hotel, got to swim in the clear blue lagoon, and take a trip down the slide on the Mayan Temple.
